

Proactive Accounting Meeting

We enjoy helping our clients (and potential clients) to develop, improve and grow their businesses.

We believe it's important to spend time working *on* your business, not *in* it. Taking time out to discuss what is happening in your business allows you to gain clarity about your future direction. That's where we come in.

We offer a complimentary **Proactive Accounting Meeting** to non-clients to explore how we can best help you. This meeting gives you an opportunity to meet with us on a no charge, no obligation basis to discuss any of the following:

- 1. Your goals for your business and how you plan to achieve them.
- 2. How your business goals tie in with your personal and lifestyle goals.
- 3. Issues or challenges you're facing in your business e.g. cashflow, growth, asset protection, profitability, or how you plan to exit or sell your business.
- 4. How we can work with you to address these issues and plans.

This complimentary meeting is a great opportunity for us to share with you how we can give you the assistance you need to achieve your family, business and personal goals.

Call us today to learn about strategies that we've developed to help you to grow your wealth, profitability and cashflow.

Following the meeting (if appropriate) we'll prepare a proposal with upfront pricing for any services that you may be interested in.
